Alliant Quality Medical Director

Thursday, February 25th, 2021
12:30-1:00pm ET/11:30-12:00pm CT

Event Description:

Join our expert panel in a conversation about vaccine acceptance. The featured panelists will share experiences about making vaccine decisions and recommendations for increasing vaccine acceptance rates in the community. They all agree on this - *one size does not fit all*.

Are you concerned about taking the vaccine? Are you worried about someone who is concerned? Please join us and invite your friends, colleagues, and loved ones to register and join this event with you - we'll learn together and support each other.

Hosted by Alliant Quality, the quality improvement group of Alliant Health Solutions (AHS), the Medicare Quality Innovation Network-Quality Improvement Organization (QIN-QIO) for Alabama, Florida, Georgia, Kentucky, Louisiana, North Carolina, and Tennessee.

Learning Objectives:

- Reflect on the impact culture, race, ethnicity, and other factors have on community vaccine confidence
- Learn why certain messaging resonates with individuals contemplating getting the COVID-19 vaccine
- Identify effective ways to calm concerns about the COVID-19 vaccine
