Event Description:

Join this interactive discussion to learn about successes, lessons learned and strategies for using data and developing community partnerships, and why it is important to focus on 30-day readmissions during the pandemic.

Please invite your friends, colleagues, and loved ones to attend this event with you to learn together and support each other.

Hosted by Alliant Quality, the quality improvement group of Alliant Health Solutions (AHS), the Medicare Quality Innovation Network-Quality Improvement Organization (QIN-QIO) for Alabama, Florida, Georgia, Kentucky, Louisiana, North Carolina, and Tennessee.

Learning Objectives:

- Create community partnerships to reduce 30 day readmissions for high risk patients,
- Explain eligibility, community program development and the importance of hospital champions
- Identify strategies for using data to build referral confidence and support funding requests.
